

Bite-Sized Egg BLTs

Egg White BLTS! ☺;

I am OBSESSED with these egg white BLTS! To make these 1 [WW](#) Bites I:
☺; Baked center cut bacon on 350 until it was crispy
☺; Took hardboiled eggs and split them, removing the yolks
☺; I sliced Campari tomatoes and hand tore lettuce pieces
☺; Then I assembled them and secured them with toothpicks

They were salty and crunchy (bacon), sweet (tomatoes), and a perfect low-carb, keto-friendly bites!

What do you think? Would you make these?
