

Open-Faced Lobstah Rolls

Lobstah Rolls! 🍷;

I love a cool lobster roll in the summer, and these open face lobstah rolls were so delicious!

I used the [Skinnytaste](#) lobster roll recipe because Gina is brilliant, and the only two changes I made were:

👉; Using [Hellmann's](#) olive oil mayo instead of low-fat mayo, because I think that helped the mayo/yogurt combo taste less tangy.

👉; Serving it open faced on half a hot dog bun to cut down on the carbs/Points.

Each open-faced Roll is just 3 [WW](#) Points each - perfect for my brunch buffet!
