

## Spanish-Style Potato Tortilla

I got inspired by the new #MyWW Cookbook, and made this tortilla for a couple easy breakfasts this week!

I combined:

1 16 oz. bag Alexia shredded hashbrowns

7 ounces turkey Canadian bacon

3 eggs (beaten)

15 ounces liquid egg whites

Chives chopped fine

Salt & pepper to taste

I combined all of my ingredients in a bowl, then baked in this Pyrex at 350 degrees for 35 minutes, until the mixture sets.

This recipe is super easy, and Point-friendly on all three [WW](#) approaches. If you make 4 portions each portion adds up to:

&#x1f49a; = 6

&#x1f49c; = 1

&#x1f499; = 3.5

It's such a hearty, filling way to start the day!

What do you think? Would you make this recipe?
